

Record of Proceedings

Regular Council Meeting

October 23, 2014

Presiding Officer, Mayor Donald Kuchta called the October 23 meeting of Macedonia City Council to order at 7:32pm.

**Present:** Council members' Rita Darrow, David Engle, Sylvia Hanneken, Nicholas Molnar and Janet Tulley; Council Clerk Josephine Arceci and Law Director Joseph W. Diemert, Jr.

**Absent:**

**PLEDGE OF ALLEGIANCE** was led by Council President Dave Engle

**INVOCATION** was led by Councilor Janet Tulley

**CERTIFICATE OF APPRECIATION** Awarded to Nick Pintagro, clerk-treasurer of the Northfield-Macedonia Cemetery upon his retirement.

**MINUTES** Ms. Hanneken requested that the approval of minutes of the regular meetings of September 11, September 25 and October 9, 2014 be postponed as she had not an opportunity to personally review them.

**PUBLIC COMMENTS**

John Matijasich, River Run Drive, Lake Forrest subdivision resident thanked Councilors Darrow, Engle, Hanneken and Molnar for visiting his residence to inspect the accumulation of sand in the creek on his property. Mr. Matijasich also thanked Service Director DeGaetano for taking a sample of black water that recently infiltrated the creek. Mr. Matijasich primarily spoke on the declarations of the Lake Forrest HOA agreement. Mr. Matijasich questioned the authority granted the HOA relative to the construction of a patio in the common area of the Lake Forrest subdivision. Mr. Matijasich also questioned the authority of Planning Commission to approve the patio and the authority of the building department to issue a building permit for the patio. Mr. Matijasich opined the building department circumvented Macedonia's Codified Ordinance in this matter. The Planning Commission did as well. Approval was based on the signature of a property owner who had no authority regarding this issue Mr. Matijasich said. His only recourse he added is grieving the matter to the BZA.

Building Commissioner Hlad interjected Macedonia Codified Ordinances were followed properly. Mr. Hlad added that on file in the building department is the HOA's application for the patio. On file as well as is a letter from the HOA indicating that the HOA approved the project.

Mayor Kuchta added Macedonia's policies have been followed. Pursuant to Code, Macedonia's simply approved the patio's specification. The discord out the patio is among Lake Forrest property owners. The discord is not between the Lake Forrest HOA and Macedonia Mayor Kuchta told Mr. Matijasich.

Councilor Hanneken questioned whether Macedonia has the authority to enforce a HOA's declaration of covenants and restrictions.

Mr. Hlad answered the enforcement is predicated on documentation from an HOA and in this case the letter from the Lake Forrest HOA is all the documentation that was needed to approve the patio.

Rich Beach, a resident of the Lake Forrest subdivision apologized to Council on behalf of the Lake Forrest HOA for what Mr. Beach described as wasting the City's time because the issue is internal matter among Lake Forrest property owners.

Kevin Bilkie, a resident of the Lake Forrest also and president of the LF HOA affirmed that residents of Lake Forrest Estates are not outraged about the patio as Council has been lead to believe. Addressing many Lake Forrest residents who were in attendance, Mr. Bilkie asked them to indicate if they were outraged. All the residents responded that they were not. Mr. Bilkie explained that the Lake Forrest HOA voted to increase HOA dues. The HOA then voted to create a budget and within the budget the HOA also voted to approve a patio. The outrage about the patio is just from one property owner who doesn't agree. It is remarkable Mr. Bilkie stated that this internal, private issue found its way to City Council when there are many more important issues for Council to deal with like repairing the roads. Mr. Bilkie questioned members of Council as to who complained to them, how many residents complained to cause this issue to become public to which Councilor Hanneken responded that she received six complaints including a resident who lives across from the patio.

Record of Proceedings

Regular Council Meeting

October 23, 2014

Mr. Bilkie reiterated that the situation is a Lake Forrest HOA issue to which Councilor Hanneken added there should be no issues if the HOA is properly following to its declaration of covenants and restrictions. Mr. Bilkie asked Ms. Darrow why during Planning Commission approval she voted against the patio to which Mr. Darrow responded that she is permitted to vote as she feels and she felt the patio should have been tabled. No further explanation is necessary she added. Regarding another matter, Mr. Bilkie asked on behalf of Lake Forrest resident Steven Knotts, who could not attend tonight's meeting, the next procedural step relative to the easement Mr. Knotts had asked Mayor Kuchta and Council to approve.

Councilor Molnar informed Mr. Bilkie that after seeing the size of culvert and retaining wall on Mr. Knotts property Mr. Molnar has initiated the process for Macedonia to accept the easement.

Council President Engle asked Engineer Nick Fini that status of the sand testing in Lake Forrest authorized by Council several weeks ago to which Mr. Fini responded Solar Testing Labs has not yet tested the area.

Regarding another matter, Barb Dlugoz, a Valley View Road resident questioned now that the Ledge Road Bridge is opened again who is responsible or liable for damages since the bridge has not been fixed. Ms. Dlugoz opined the bridge should not have been opened until the bridge is repaired. Speaking about a recent NewsLeader article about the Mayor receiving free snow plowing, Ms. Dlugoz feels that the Mayor's driveway should be keep clean at all time because of his position as executive. Because the Mayor needs to be ready in emergencies she added. Ms. Dlugoz relayed that when her daughter Dina was killed at the Highland Road train crossing former Mayor Joe Migliorini was with her family immediately. The Mayor, she added whoever it may be should have accessibly to the public at all times. Keeping the drive to his home clean insures that. Macedonia residents elected Don Kuchta to run Macedonia Ms. Dlugoz stated. Mayor Kuchta is at the head of the city government. Macedonia residents want to hear from him, they want to hear his words she stated. Council is then next she stated. Ms. Dlugoz added that Council should work with the Mayor and the residents. Regarding the suspended finance director Ms. Dlugoz stated the NewsLeader indicated information from the City's computer was transferred to his personal computer. Is he being paid to work from home Ms. Dlugoz asked? Who else is looking at City business his home computer Ms. Dlugoz asked? Are his children? The business of Macedonia's or Canal Fulton's should not be on his home computer she stated. Does Canal Fulton know that he may be taken their records all over too she asked?

Regarding another topic, Kurt Laubinger, 269 Ledge Road provided photos of Ledge Road illustrating deteriorated berm and a stop sign post left in the ground after a new post was installed. Mr. Laubinger complained that the shoulder of road has been in this deplorable condition for over a year and half and yet Council and the administration continue to ignore it. Regarding Firestone and Bishop Lanes Mr. Laubinger stated there are fifteen trees dead from Ash Bore disease that have yet to be removed. And yet he question why money was being allocated to remove trees in Sugarbush and Longwood. Ash Bore disease was brought the attention of Council and the administrations by the City arborist quite some time ago. Why hasn't money been allocated for this purpose he asked? Dead trees are a major safety concern. They are a danger to pedestrians and drivers. Given that there are so many safety issues and street concerns that have not been addressed Mr. Laubinger suggested the Charter Review Commission recommend the separation of the duties of director of safety from the office of the Mayor to better facilitate the function of both.

Service Director DeGaetano interjected that over 200 trees have been removed. The stumps of which still have not. There presently is no funding he explained to continue removal or to grind the stumps remaining. Mr. DeGaetano added that Council has been apprised that funds are needed for continued removal and replacement as well.

Councilor Molnar suggested to Mr. DeGaetano that the tree removal program be performed by a contracted service and that an inventory be prepared of the number of trees needing that need to be removed as well as to collect quotes in this regard. Relating to the current condition of Macedonia's roads and the photos of Ledge Road Mr. Laubinger provided, Mr. Molnar reiterated what he has been saying, that Macedonia has currently 33 roads rated in poor condition, The finance chair advised Council that going forward money would be budgeted to remedy this situation. However, next year the plan is only to pave five roads. Ledge Road is not included in the plan. Mr. Molnar reiterated the income tax levy proposed but defeated would have provided the revenue to fix all of Macedonia's roads. Five roads a year is not an answer.

Mayor Kuchta interjected that this evening's agenda includes legislation for \$65,000 for full-depth repairs.

Mr. DeGaetano added the list of roads included in this go around of full-depth repairs is extensive. However, each road will not be fully repaired. The thought Mr. DeGaetano stated is to stretch the \$65,000 as far as he

Record of Proceedings

Regular Council Meeting

October 23, 2014

can. Road repair is an expensive proposition. The lowest bid for a square yard of asphalt is \$100, the highest is \$175. The size of a repair is determined by the length, depth and width of the pothole Mr. DeGaetano explained. One repair could cost \$9,000. Mr. DeGaetano will do what roads he can with the money allotted. Going forward he stated, more funding is needed.

Councilor Molnar interjected Mr. DeGaetano originally requested \$100,000 this year for road but was only appropriated \$65,000. Mr. Molnar asked Mr. DeGaetano who cut the original appropriation to which Mr. DeGaetano answered the amount was reduced while he was on vacation.

Councilor Tulley asked Mr. DeGaetano if trees can be removed, pruned /trimmed during the winter months to which he answered cold does not deter work of this nature.. Severe snow conditions, like wind, blowing snow are the only deterrents.. Mr. DeGaetano stated he is currently seeking quotes for the tree work because Macedonia is unequipped to perform the needed work with only one arborist and one employee to help the arborist.

Councilor Hanneken interjected that she asked Mr. DeGaetano for prices in preparation of the October 30<sup>th</sup> finance meeting. Given that income tax revenue is higher than expected the work by contractors can be done this year Ms. Hanneken stated. And next year she added over a \$1M will be allocated to provide more full-depth repairs as well as more extensive and complete road repairs. Ms. Hanneken also added that Engineer Mo Darwish advised the best time to bid these projects is the month of January.

Councilor Tulley stated the problem is continued procrastination. Macedonia has waited too long to get anything done. The roads and trees are two issues that should have been taken care of this year. Residents should not have to wait until next year. There is money and therefore these programs should have been done.

Mayor Kuchta added that even if Macedonia spent \$1 million dollars per year for road repairs it would take 20-years to complete all the repairs and for the process to begin again. Mayor Kuchta indicated that in the 11-years he has been administrator in excess of \$300 million dollars worth of road repairs have been completed. This amount includes the larger projects like the Route 82 and Highland Road bridges. The only debt related to any of these projects the Mayor stated is \$2.7 million dollars at an interest rate of 2% for a period of twenty years.

**INTRODUCTION, READINGS & ADOPTION OF LEGISLATION**

**RES. NO. 100-2014**

AN EMERGENCY RESOLUTION DECLARING THE NECESSITY AND INTENTION TO APPROPRIATE FOR STREET PURPOSES CERTAIN FEE SIMPLE INTERESTS AND EASEMENTS IN AND TO VARIOUS PREMISES ALONG SOUTH FREEWAY DRIVE AND STATE ROUTE 82 TO FACILITATE THE I-271 NORTHBOUND ENTRANCE RAMP RELOCATION FROM STATE ROUTE 82 TO CONNECT WITH A NEW RAMP FROM SOUTH FREEWAY DRIVE; TO WIDEN STATE ROUTE 82 TO INSTALL A SIXTH LANE BETWEEN MACEDONIA COMMONS BOULEVARD AND THE OVERHEAD RAILROAD BRIDGE WITH THE ADDITIONAL LANE SERVING AS A LEFT TURN, WITH THE EXISTING LEFT TURN LANES FROM STATE ROUTE 82 TO SOUTH FREEWAY DRIVE AND MACEDONIA COMMONS TO BE LENGTHENED, ALL PROVIDING ACCESS TO A NEW I-271 NORTHBOUND ENTRANCE RAMP OFF OF SOUTH FREEWAY DRIVE, ALTOGETHER WITH THE NECESSARY APPURTENANCES THERETO FURTHER IDENTIFIED AS P.I.D. NO. 97084 WITH THE COUNTY/ROUTE/SECTION NO. SUM-271-12.65 was offered was **offered** by Ms Tulley and moved Council waive the requirement that it be read by title on three different days, instructing the Clerk to read it by **title for its second and third reading by title only**. Second by Mr. Engle.

Roll call: Ayes: Darrow, Engle, Hanneken, Molnar and Tulley  
Nays: None  
The motion carried.

Ms. Tulley moved, Mr. Molnar seconded to **adopt RES.NO. 100-2014** and post according to law.

Roll call: Ayes: Darrow, Engle, Hanneken, Molnar and Tulley  
Nays: None  
The motion carried. **RES. NO. 100-2014 declared adopted.**

**CORRESPONDENCE:**

Email from residents Bob and Bernice Posar, Eileen Drive, to Service Director DeGaetano commending Mr. DeGaetano for responding to storm drain situation in their neighbor.

**MAYOR'S REPORT:**

“If you have any free time on Friday evenings I highly recommend attending a Nordonia High School football game. The Nordonia team itself is undefeated but the games offer even more than excellent football. A lot of people are unaware that the spectacle can involve more than 200 students. Besides the players we have at least a couple of dozen cheerleaders and an award winning band. Our band is so good that people come just to watch them!

When they are lined up as they march on the field, the band and the flag girls go from the 15 yard line at the north end of the field to the 15 yard line on the south end of the field. The quality of sound and the maneuvers they perform are nothing less than spectacular. The new stadium tops off the evening by providing ample seating and excellent handicap facilities and seats.

Give it a try one Friday and be proud of all these outstanding students. They really work hard to give the Nordonia Hills School system a reputation for producing the best at what they do.

Ledge Road is open but all we can do is to warn you that it can be dangerous when a train is crossing it. Please travel this road at your own risk. The liability falls upon Norfolk Southern and

## Record of Proceedings

### Regular Council Meeting

October 23, 2014

they say there is nothing wrong with the bridge. So far their repairs consist of chicken wire and spray in foam insulation. The only satisfying fix for this bridge is a new one. The City has gone as far as writing a formal complaint to Federal Railroad administration. Macedonia has filed a formal complaint with PUCO, Public Utility Commission. So far the City has heard nothing back. I am concerned not just about the stones or rocks that are falling but of the bridge collapsing killing drivers along the I271 bridge and drivers below on Ledge Road. This is a terrible situation. I wish I can do something more to make this happen. I am very grateful to all those people who have sent me emails in what we need done with this bridge. One of the people who wrote worked for the railroad for 37-years. He advised me that I can make those trains go slower by getting an injunction against the railroad. This man's recommendation was 10mph. The trains currently travel at 52-58mph. It will be hell to pay if there is an accident and that is the reason I really wish there was something I could do. I have been working with Congressman Joyce. Unfortunately the railroads are independent unto themselves. Working with them is more than difficult"

### **COMMITTEE REPORTS**

**Planning Commission** Councilor Darrow mentioned she did not attend Planning's October 20<sup>th</sup> meeting. The next meeting of the Commission however is November 17<sup>th</sup>.

Mayor Kuchta mentioned there were numerous signs approved on October 20<sup>th</sup>. Also, the conceptual drawing of the new GetGo Service Station at Highland and Route 8 was approved. The new station will engulf the entire parcel which now includes Days Inn, the current GetGo and Dos Coronas Mexican Restaurant. The new station will include a restaurant and is considered a flagship design. The Mayor reported that First Watch; a breakfast oriented restaurant is opening in the new commercial area of Macedonia at Routes 8 and 82. The Mayor also reported that a motel chain has expressed an interest in developing in the location behind the Girl Scout building but at this point there are no further details.

**Finance Committee** Ms. Hanneken reported that the finance committee met on October 15<sup>th</sup> and 16<sup>th</sup>. On the 15<sup>th</sup> extensive briefing took place on each department's budgets. Request for feedback regarding what was discussed at that meeting; any adjustments that must be made should be submitted by October 24 Ms. Hanneken stated. Any adjustments will be discussed at the last finance meeting set for Thursday October 30 at 7pm she added. Ms. Hanneken feels the 2015 should be finalized on the 30<sup>th</sup> and proposed adoption should be on schedule. Ms. Hanneken announced Macedonia's income tax revenues are exceeding expectation. Macedonia's revenue is up 1% higher than last year at this time when the income tax rate was 2 ¼% Ms. Hanneken added. The reasons for this Ms. Hanneken explained is that the economy is stronger and net profits of many of Macedonia's numerous business are up.

**Charter Review Commission** Mr. Engle announced that the first organizational meeting of Charter Review Commission is Wednesday, November 19 at 6:30pm.

### **DEPARTMENT REPORTS**

**Service Department** Director DeGaetano reported the leaf removal program began October 20<sup>th</sup> at the south end of the city. Only one leaf machine is operational at this time he stated. Mr. DeGaetano reminded residents to keep leaves out of the ditch line, out of the street as well as away from mailboxes. Regarding mailboxes, Mr. DeGaetano reminded residents to winterize them. That is brace them making them steady to withstand the weight of snow thrown from plow trucks. Only mailboxes destroyed by a direct hit from a plow blade will be replaced Mr. DeGaetano stated. Mr. DeGaetano mentioned that the Eileen Drive project will be finalized next week. Restoration however will be completed in the spring. Mr. DeGaetano also mentioned a pre-con relative to the full-depths repairs is being held next week.

**Building Commissioner** Mr. Hlad reported: GFA Food Service appeared again before Planning regarding several outstanding punch list items. The GetGo project is a new and exciting project Ms. Hlad stated. The Western Reserve architectural appearance of the new building will enhance the Highland Road intersection. Mr. Hlad reported an I271 progress meeting is scheduled next week. Mr. Hlad mentioned he contacted the office of the Summit County engineer at the behest of Council about the County's pavement rating system. The County has not responded but from what he has learned the County contracts with JD3 Consultants from Health, Ohio to rate pavement.

Record of Proceedings

Regular Council Meeting

October 23, 2014

**Engineer** Mr. Fini reported that engineering is in receipt of design built and water line relocation plans relative to the relocation of I271 onramp. ODOT is currently correlating its efforts with Norfolk Southern relative to the I271 deck lanes over the Ledge Road Bridge. It is expected Ledge Road will be closed from 5-10days during demolition. No confirmation of the exact has been. Mr. Fini reported GPD received three quotes relative to pavement core sampling. The lowest quote of \$4,950 was from Geo Sci Inc.

**Recreation Department** Ms. Gmerek reminded residents that traditional Trick or Treat is being observed Friday, October 31 from 6-8pm. Ms. Gmerek reported that the Nordonia Annual Winter Craft Fair is Saturday, November 8 from 9am -2pm at Lee Eaton School, Ledge Road. Admission is free. There is however a booth fee. The Recreation Center is hosting a Health Fair at the Rec Center, Saturday, November 15 from 9-12. This fair is also free to the public.

**Finance Department**

**Fire Department** Chief Black reported Macedonia Firefighter Association Annual Fall Party for Macedonia children is Sunday, October 26 from 4-6pm and that the Annual Pancake and Sausage Breakfast is Sunday, November 9 from 8am-2pm. Both events are at the fire station.

**Police Department** Chief Golden reminded residents not to rake their leaves in the street. The leaves clog the storm sewers and well as wet leaves impair the roadway. Chief Golden commended the Nordonia High school football team as well as the Nordonia Lancer band for their achievements this year.

**Law Department** Mr. Hanculak had no report

**Unfinished business** Councilor Tulley mentioned that regarding the Ledge Road Bridge residents are divided equally as to whether the bridge should remain opened or closed. In Mr. Tulley's opinion the bridge should remain closed; it should not be repaired but fully replaced because a tragedy is waiting to happen there. The question is not if, it is when she added. Ms. Tulley feels there are several other options which should be pursued towards that end. One option is to approach Amtrak, the residential commuter train who passes through Macedonia on a daily bases. Perhaps Amtrak is not aware of how dangerous the Ledge Road Bridge is, how at risk Amtrak's train passengers really are. The other option is Greg McNeil, the Hudson resident who was instrumental in helping Macedonia acquire the Quiet Zone at the Twinsburg Road grade crossing.

**New business** Councilor Hanneken reminded residents that all are welcome to dedication ceremony to Colonel William Frew Long and his home hosted by the Longwood Manor Historical Society on Sunday, November 16 from 2-4pm at the Recreation Center. The plaque from the National Registry of Historic Places by the United States Department of Interior recognizing the Manor House's inclusion on the National Register of Historic Places will be unveiled at the dedicated ceremony. The Nordonia Hills Community Choir will be performing during at the day's event Ms. Hanneken added..

There being no further business, the meeting adjourned at 8:50pm.
