BASIC POOL REQUIREMENTS

All pools, whether above or below ground, must meet all state, local, and electrical codes.

What you need at time of permit application:

1. A letter of approval from your Home Owners Association, if one exists.
2. A drawing of your lot showing distances from all lot lines and structures to proposed pool. Note: Pool must be at least 10 feet from side property line and 5 feet from rear except for a corner lot where the street side set back is 40 feet.
3. A minimum 48-inch high fence must enclose ALL pools. Show on the above drawing how this will be done.
 - a. You may fence in the whole rear yard (See fence code 1171.16).
 - b. You may fence in around the pool area.
 - c. You may add fence to the top rail of an above ground pool.
4. All gates to pool area must be self-closing and self-latching.
5. Show electrical work and location of pool equipment on above drawing.
6. All contractors must be registered with the city. (See contractor registration code 1361.01)
7. Please allow 5 business days for your plans to be reviewed. We will call you with your permit fees once approved.

Inspections are required based on type and size of your project.

We want this to be a pleasant experience and the better the data you supply the faster this can proceed.

Thank You,
